WELCOME TO ESSENS

I am extremely proud of our new product range, that is presented in the catalogue which you are holding in your hands right now.

We joined forces with a team of excellent makeup artists led by the incredible makeup artist Pavel Kortan and we have prepared a completely new ESSENS Beauty MUST HAVE EDITION collection for you. This collection has everything necessary for achieving perfect makeup, using the best textures, a wide range of colours, high quality ingredients and stylish packaging.

Our collection also attracted the finalists of the Czech Miss Beauty contest, thanks to its uniqueness and high quality, which is why we decided to enter the world of beauty as the titular partner of this traditional Czech brand. From 2021, the entire contest will carry the name Czech Miss ESSENS. We are very much looking forward to this unique partnership and we strongly believe that you will enjoy it together with us and our decorative cosmetics will become part of the personal and professional sphere of your life.
